EDITOR'S NOTE

This 1962 Gorilla annual has long been a part of the annual staff, but now it has come time to present it to you. We hope that you enjoy it as much as we have enjoyed making it possible.

Love,

The Seasons

Lelah Kinney Ayers

A message to us the seasons bear--
Of God's tender love and care.
Gifts of nature in his way
Come before us every day.

Summer with its birds and flowers
And its happy outdoor hours
Autumn with its leaves o'er head
In hues of brown and gold and red!

Winter with its sparkling snow
And the sports that we love so
Spring again, and all earth sings
With the hum of growing things!

The changing seasons come and go,
And we enjoy them all, Yet know
We should thank God, for all
things say,
"Our Father cares for us each
day!"

Traditionally this year the annual is dedicated to someone. This year there never was a doubt in our minds as to who should receive this honor. The 1962 Gorilla is dedicated to YOU----the Student. The greatness of a school is measured by the character and accomplishments of its students. We, the annual staff, take pride in presenting you this annual which would not have been possible without you.

Sincerely yours,

The 1962 ANNUAL STAFF

My Message To The Senior Class Of 1962:

May I take this means of expressing my thanks and appreciation for your splendid cooperation in helping to make this a successful school in every respect.

In all our learning endeavors and growth, we must learn to be good neighbors as well as good citizens, thus making this a better society in which to live.

Your accomplishments have done much to help hold high the banner of Trent High School. As you enter life's greater vocations may I admonish you to always walk upright and keep your character above reproach.

May your lives be filled with success and happiness.

Sincerely,

Wray B. Williams

Senior Will

The Senior's of 1962, being of somewhat sound mind and under absolutely no influence, do hereby declare this their last will and testament.

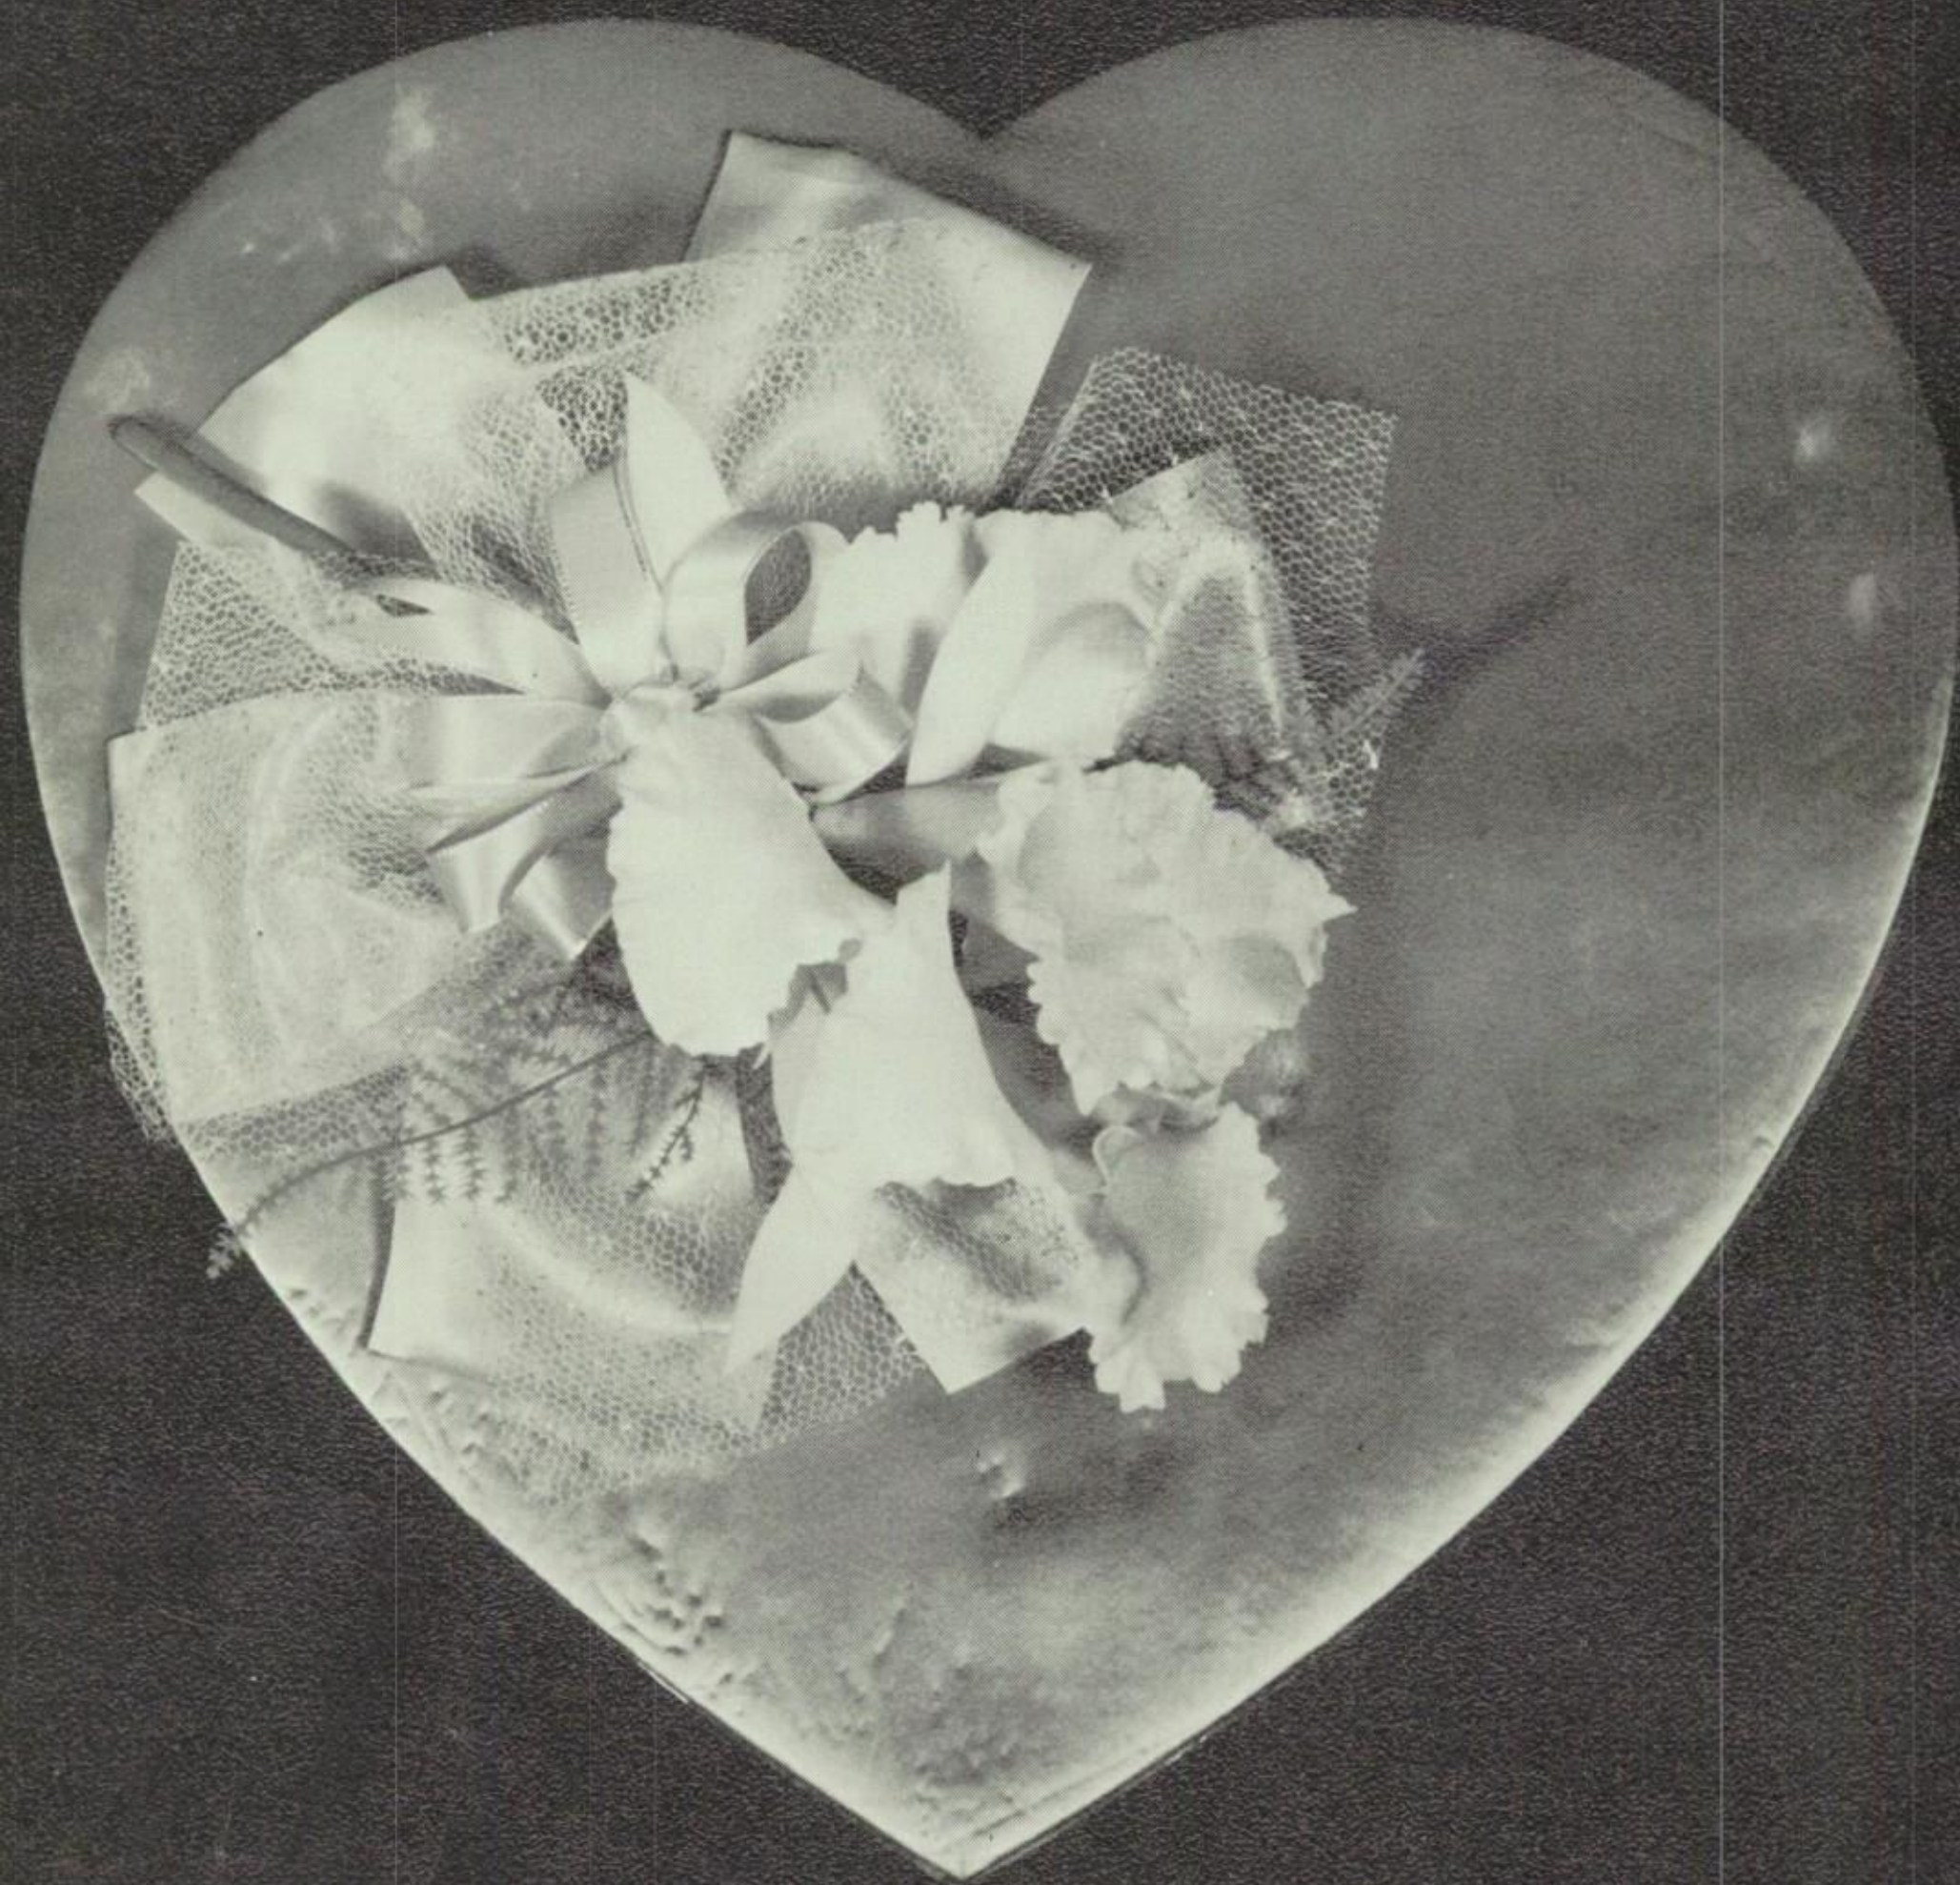

Jerry Barnes wills his basketball scoring record to Lee Lanning, who has been wanting it all year. Mary Childers leaves her and Bruce's private place at the gravel pits to Pat & Morrissey. Ruth Ann Christ wills a little of her priss to Lynn Wyatt. A little goes a long way. Jerry Dickerson wills his ability to get along with Mrs. Johnson to "Chester". Buddy King wills his love of Shakespeare to Mrs. Weathers, she has more use for it than he has. Johnny Heatly not being right bright decided to be selfish and take what little he has with him. Brenda Hartline wills her slow California accent to Jack Horton, she feels sure he can find some use for it. Mitchell Ponder wills his love for the "wild life" to LeRoy & Delma. Louise Rhynes wills her quiet and shy ways to Delores Barnes. Johnny Swinney is following in his brothers footsteps and is willing to Strawnie his map of Mexico--New Mexico that is. (Sorry Strawnie) John Tittle wills his basketball abilities to Bobby Williams, in memory of Mr. Gilbert. Bob Lawlis wills his ability to get away with murder in Mr. Greene's class to Keith Claborn, whose dad's on the schoolboard. Kay Lawlis wills her love of basketball to the team of '62-'63, with wishes for a most successful year.

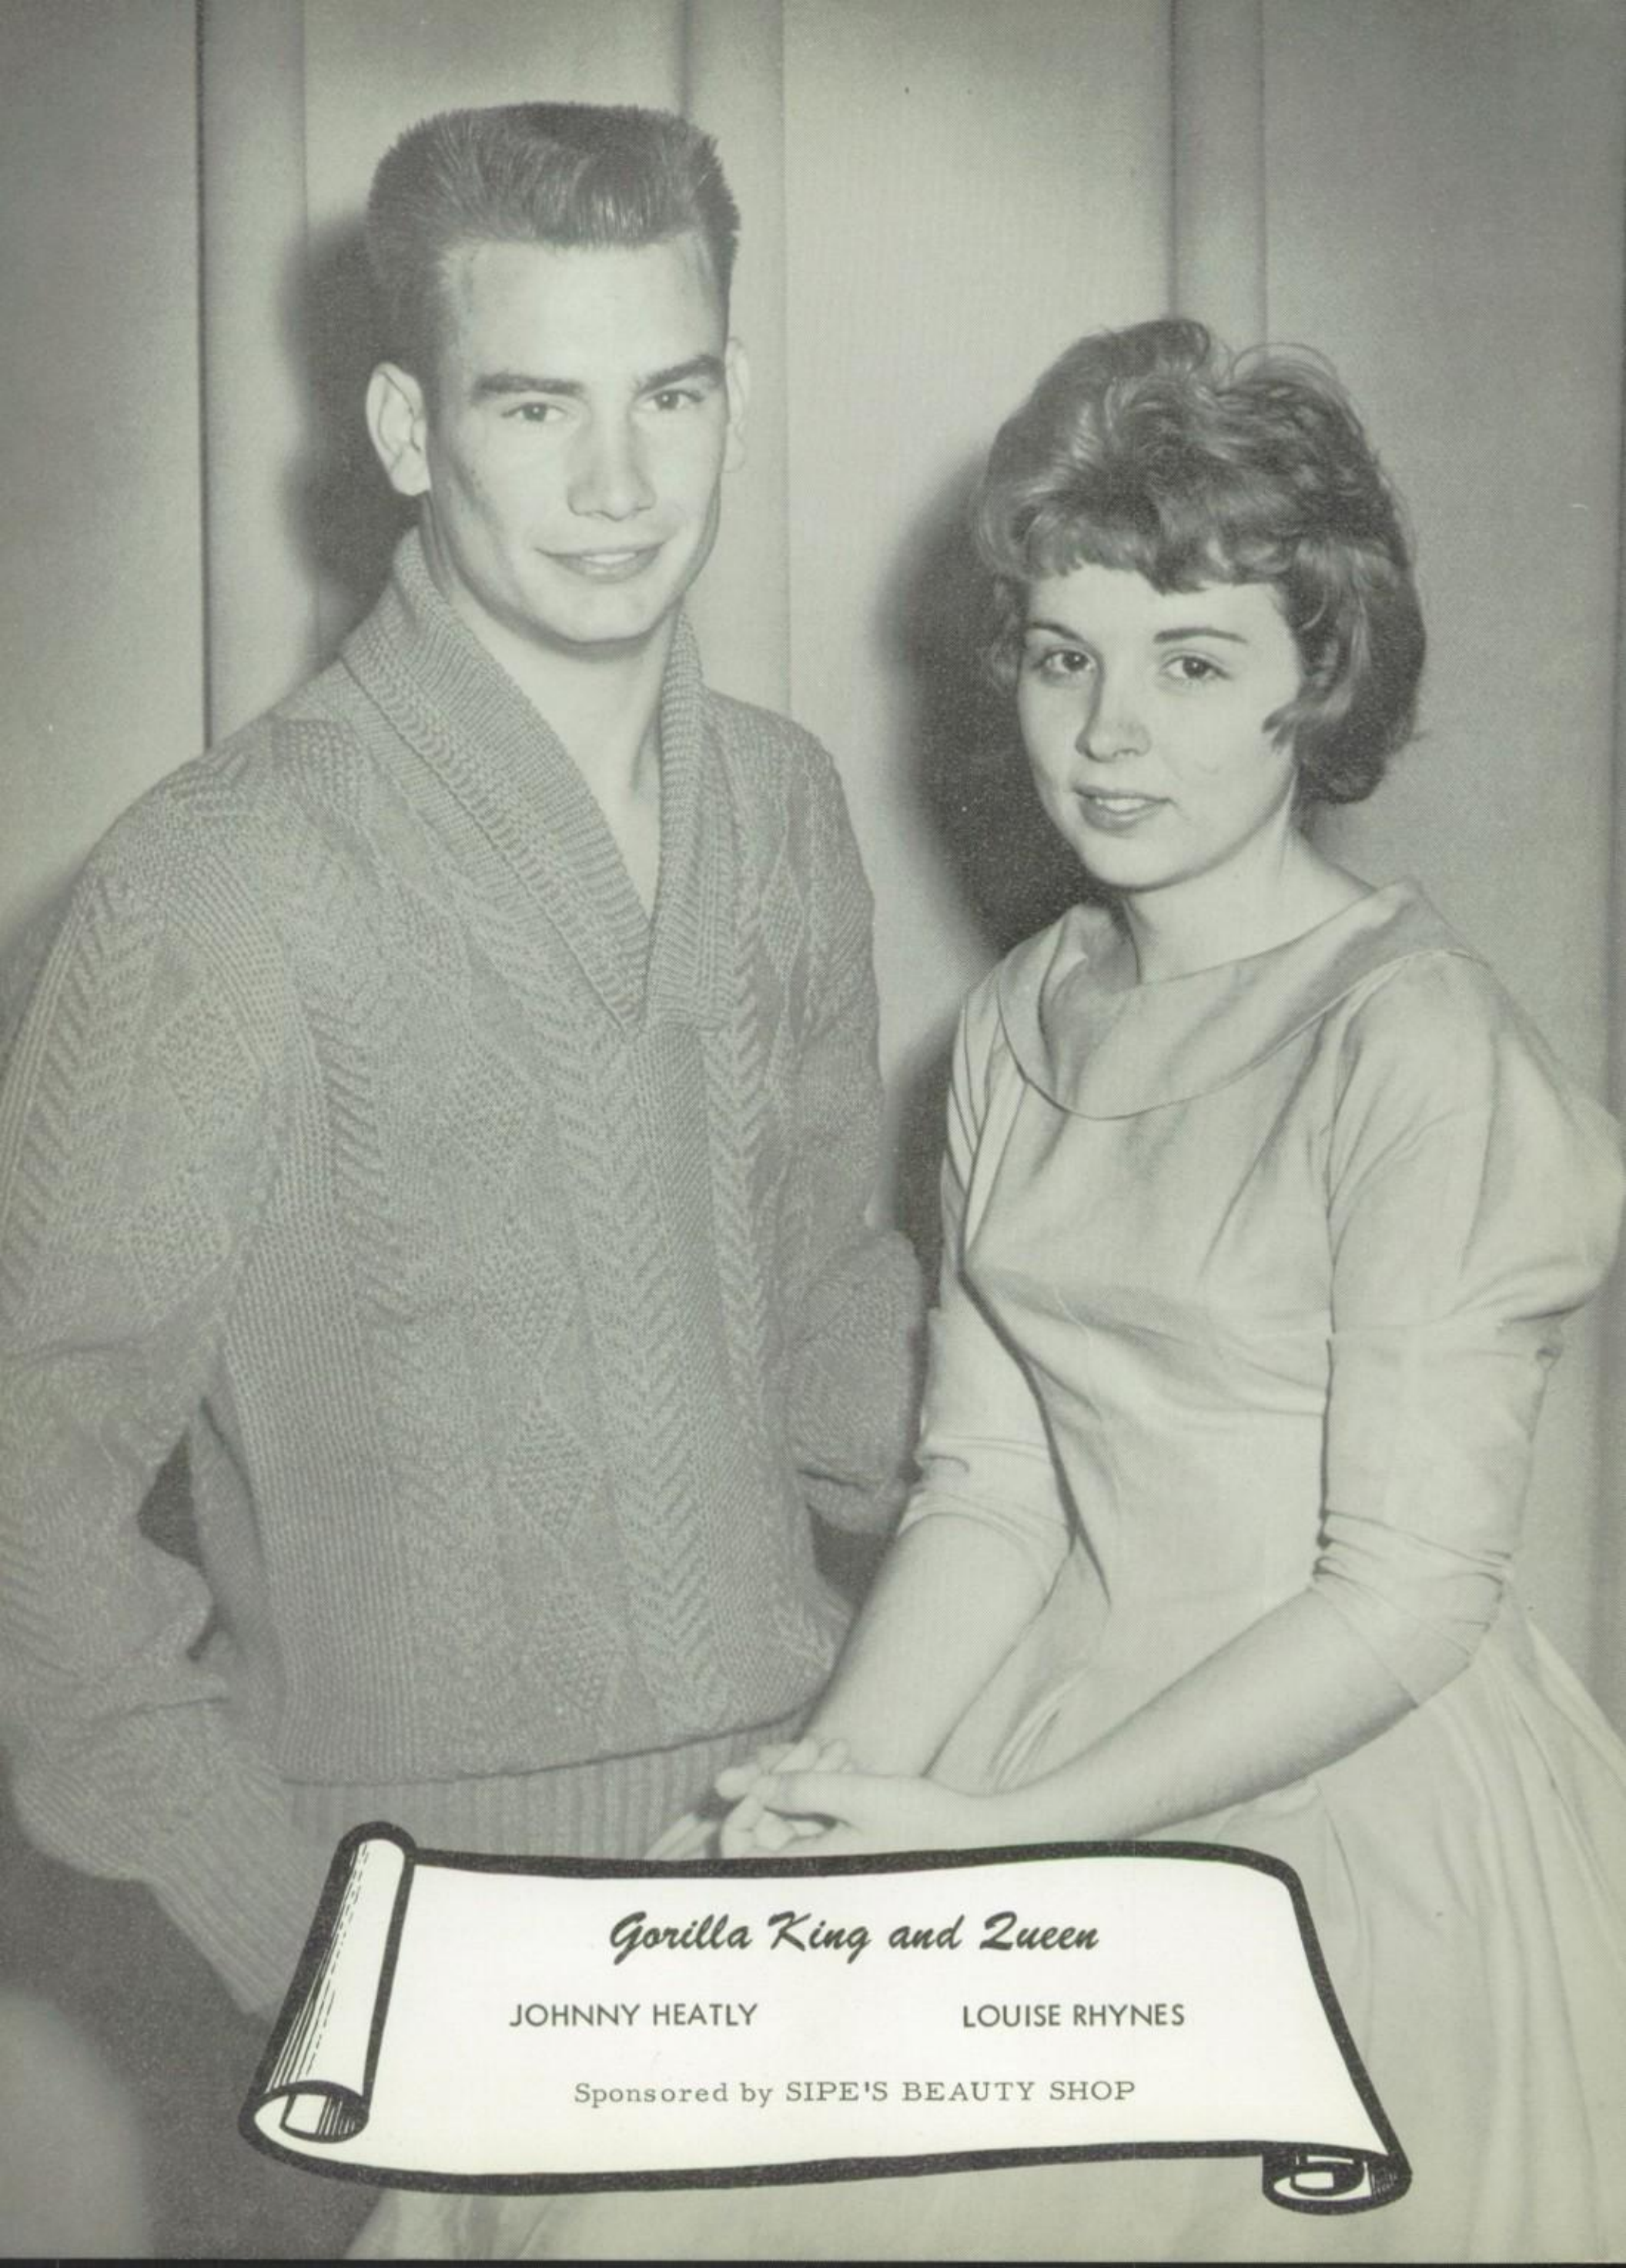

Senior Prophecy

The Class of '62, in the realization that we are stargazers, decided to see an astronomer and let him fortell our futures. We learned that:

Jerry Barnes lives in Merkel and is coaching his very own basketball team. Five boys that look like Jerry we all knew. Jerry Dickerson never could wade his way through Bookkeeping and there he sits, still looking at Mrs. Johnson, calling someone "Fool". (We hope it's himself) Mary Childers, after a short career, made it and married a rich man. Now we see her hard at work for her employer at home, tending the children she vowed she'd never have. Johnny Heatly worked hard at going through college, he studied to become a Highway Patrol and now he's taking life easy, as he always has, driving a white Plymouth at 85 M.P.H. Ruth Ann Christ is content to be a common housewife and mother like she said she'd never be. The two classmates who went through elementary, high school, and college together, Buddy King & Mitchell Ponder broke their friendship over a ---- girl! ? Brenda Hartline has her life full with those six kids and three extra ones, but she's happy! Bob Lawlis is hard at work on his car, and he's mechanicing in between. We find Kay Lawlis in Merkel also, and incidently, she is the assistant coach to that five man basketball team. Johnny Swinney has decided that maybe he's not God's gift to women, and is living a quite, honest life with his mother and father. Louise Rhynes has just traded their Comet in on a station wagon, need we say more? J. E. Tittle keeps coming back to Trent, but no one can imagine why, unless this is his only refuge.

I'm REDDY KILOWATT

...symbol of modern living through the use of electric power.

I make life easier for people by working for them... lighting, cleaning, cooling and heating their homes... doing their laundry... storing, preserving and cooking their food... and performing many other time-saving chores.

I'm available at the flip of a switch, and my usefulness increases as the days go by. In the years ahead, I expect to help even more people...

LIVE BETTER ELECTRICALLY
